Why us?

“For over 25 years, Le Groupe Maurice has been providing living options that cater to the needs of retirees seeking a more active and satisfying lifestyle. Prior to our inception, the retirement accommodations available didn’t quite meet the desires of the majority of seniors, who craved independence and a vibrant life. I felt a calling to change this, to create living spaces that are radically different from what existed in the past.

My vision was to create residences where people would enjoy life like never before!

Today, I am thrilled to see individuals regaining their vitality after settling into one of our residences. It is a rare and truly precious experience to sense so much happiness and joy in one place.

To all future retirees, I sincerely hope that you find a living space that brings you endless laughter, new friendships, exciting adventures and fulfilling projects.

On behalf of myself and my dedicated team, I warmly welcome you to Le Savignon!”

HISTORY HAPPENED HERE

The name of this residential complex draws inspiration from a historical event dating back to the early 17th century. It is indeed a tribute to the bravery of Savignon, a Huron-Wendat who tried to rescue his comrades who had ventured into the Lachine Rapids. Today, the residence bears his name to honour his courage. Its azure and linear logo, on the other hand, evokes the iconic powerful current of this waterway!

Immerse yourself in Lachine

A DISTINCTIVE PLACE TO DROP ANCHOR

Lachine is a renowned and much-loved recreational destination for city dwellers. Located near downtown Montreal, the borough was once a prominent fur trading hub. This historically rich area now provides its residents with one of the most pleasant living environments, where joy and relaxation prevail!

FITTING IN, IN STYLE

Respecting local urban design is a fundamental consideration before embarking on construction in a new area. Thus, when Le Groupe Maurice built Le Savignon, they also repainted the façade of the fire station situated across from the residence, ensuring visual harmony among the structures and elegant integration into the community!
